BUY MEN'S FORMAL SHOES ONLINE Classics should always have two should have in your wardrobe - sexy suit & the smoothest formal shoes. Let's talk about the last one. Also known as footwear, formal shoes are absolutely necessary for all men, even teenagers in fact! For the office, wedding, graduation or school, formal shoes can easily enhance your dapper game! Besides the look, the right cut with absolute comfort is very important and we deliver just that. As the name suggests, formal shoes are formal, but it is known to look great with jeans and a shirt, as in recent times. Looking for something endless? Oxfords are your answer! Easily the most popular style among men's formal shoes, they are classic and something that every person should own! You have an official event to attend? Choose a grey suit with a black shirt and black Oxford shoes and you are welcome! Derby shoes, also called blüchers in the US, are like Oxford, but have open ties. Considered less formal, they look smarter in classic brown color with some brogue details. Pair them with olive trousers and a white shirt if you want to make a statement on the semi-formal occasion. The look will certainly make you stand on one cut above everyone else. If it's an easy, minimalist effort, pay attention to our stellar collection of monks and g-strings. Without a cord, they are easy to dress and will make you spin in no time! For a more formal look, we suggest you go with monastic shoes. The straps and buckle add a touch of royalty and will certainly look for you well and how! For cases that lean more towards the semi-formal side, classic slippers are the perfect choice. If you want it to be playful, have it fun with a pair of tassels loafers for men. We at AJIO strive to maintain a collection where every product is a star and this is only possible because of the wonderful brands we have on board with us. Looking to buy formal shoes for men that are classic and elegant? The Famozi collection is what should be considered at this point. Do you have an eye for elegant details?
